Syllabus Checklist for Age Groups

How to Use This Checklist Syllabus

This document serves as a comprehensive guideline for Nazimeen Atfal and Murabiyyan Atfal across Canada for Atfal Weekly Classes. The primary focus of these classes is **Tarbiyat (moral and spiritual training)**, rather than solely emphasizing memorization or academic learning. The aim is to instill in Atfal a deeper understanding of how Islamic teachings contribute to a better, more fulfilling way of life, while also addressing contemporary issues and life lessons.

Focus of Weekly Classes

- The Tarbiyat of Atfal is at the heart of this syllabus. Murabiyyan Atfal (Teachers) are encouraged to emphasize **practical applications of Islamic teachings**, showing Atfal how these principles lead to success, happiness, and a fulfilling life.
- Discussions should include contemporary issues such as **hygiene, time management, kindness, and respect**, alongside Islamic values. The goal is to equip Atfal with tools to navigate modern challenges while staying rooted in their faith.
- Use interactive methods like role-playing, discussions, and storytelling to make lessons engaging and relatable.

Structure of the Syllabus

The syllabus is divided into **four quarters** (November-January, February-April, May-July, August-October) with topics organized under five main sections:

1. **Talimi**: Educational aspects, such as Salat, Wudhu, and Quran memorization.
2. **Prayers and Hadith**: Memorization and application of important prayers and sayings of the Holy Prophet (sa).
3. **Tarbiyat**: Moral training to instill Islamic values.

4. **Islamic History:** Key events and lessons from the life of the Holy Prophet (sa) and other Islamic figures.
5. **General Knowledge:** Practical knowledge and connections to Allah's creation.

Age Groups

The syllabus is tailored for three age groups:

- **(G1) Age: 7-9** (Mayar-e-Sagheer - Group 1)
- **(G2) Age: 10-11** (Mayar-e-Sagheer - Group 2)
- **(G3) Age: 12-15** (Mayar-e-Kabir)

Each quarter includes a checklist of topics relevant to each group. Younger Atfal (G1) are introduced to fundamental concepts, while older Atfal (G2 and G3) advance their knowledge with more detailed and complex topics.

How to Use This Document

- The syllabus is a **guideline, not a strict rule**. Teachers should adapt it based on the needs and progress of their Atfal.
- **Flexibility is key:** Younger Atfal who are advanced can be taught topics from higher groups, and older Atfal who need reinforcement can revisit fundamental topics.
- Each topic includes a focus area, whether it is understanding, memorization, or application. Teachers should prioritize **understanding and real-life application** over rote memorization.
- **Preparation is essential:** Teachers should review the topics beforehand and plan their classes to ensure they are interactive and engaging.
- Encourage Atfal to actively participate by asking questions, sharing their thoughts, and reflecting on how the lessons apply to their daily lives.

Goal of the Syllabus

The syllabus is designed to:

1. Provide structure to the weekly classes while allowing for flexibility.

2. Ensure that Atfal of all ages are engaged with topics suitable to their level of understanding.
3. Foster a love for Islam and its teachings by demonstrating their relevance to everyday life.
4. Equip Atfal with knowledge and skills to advance in their Tarbiyat journey, ensuring their moral and spiritual development.

By using this syllabus effectively, teachers and Nazimeen can ensure that Atfal Weekly Classes become a source of inspiration, knowledge, and growth for all participants.

Exams and Assessment

- **Quarterly Exams:** At the end of each quarter, an exam will be conducted for each age group (G1, G2, G3) to assess knowledge and understanding.
- **Content-Based Assessment:** The exam will cover the topics and lessons outlined in the syllabus for that quarter, ensuring alignment with the teachings for each group.
- **Feedback for Growth:** Teachers should provide constructive feedback to the parents post-exam, to guide Atfal in identifying strengths and areas for improvement.
- **Teacher's Role:** Teachers should review the topics thoroughly, reinforce key lessons, and ensure interactive methods are used to prepare Atfal for the exams.
- **Developmental Checkpoint:** The exams serve as a checkpoint in the Tarbiyat journey, helping both teachers and Atfal assess and guide future growth.
